PROFILE

Final-year Computer Science student with hands-on experience in React Native mobile app development, having developed and published multiple production-ready Android applications on the Google Play Store. Experienced in full app lifecycle management, including feature implementation, UI/UX design, build generation, bug fixing, and Play Store deployment. Collaborated on professional projects using Git and GitHub for version control, code reviews, and team workflow. Skilled in integrating APIs, native modules, and optimizing app performance for real-world users. Delivers and deploys high-quality, maintainable, and scalable mobile applications.

EXPERIENCE

Scan2PDF - Mobile App Developer

LetTech - Lahore, Pakistan Feb 2025 - Present

- Developed a fast document scanning and PDF generation app using RN.
- Designed clean and intuitive UI for fast document scanning workflows.
- Optimized performance for large images and multi-page documents.
- Worked under LetTech's Google Play Console for deployment and updates [https://play.google.com/store/apps/details?id=com.lettech.scanner].

WallNex – Mobile App Developer

LetTech - Lahore, Pakistan July 2025 - Present

- Built a wallpaper browsing and personalization application using RN.
- Applied infinite scrolling, image caching, and optimized loading performance.
- Designed a modern UI with smooth animations and transitions.
- Integrated a custom native Kotlin module for direct wallpaper setting from app.
- Handled Play Store publishing, updates, and bug fixes [https://play.google.com/store/apps/details?id=com.lettech.wallnex].

Happy Stack Tower - Mobile Game Developer

LetTech - Lahore, Pakistan Sep 2025 - Present

- Developed an addictive arcade-style stacking game in RN.
- Implemented game logic, scoring system, and progression handling.
- Applied gameplay modes, difficulty scaling, and progressive challenges.
- Designed premium themes with animations and Canvas-based graphics.
- Published and maintained the game on Google Play Store [https://play.google.com/store/apps/details?id=com.lettech.happystacktower]
