

WALEED AHMAD

React Native Developer

Lahore, PK
03044204371
waleedwaris1234@gmail.com

PROFESSIONAL SUMMARY

Final-year Computer Science student with hands-on experience in React Native mobile app development, having developed and published multiple production-ready Android applications on the Google Play Store. Experienced in full app lifecycle management, including feature implementation, UI/UX design, build generation, bug fixing, and Play Store deployment. Collaborated on professional projects using Git and GitHub for version control, code reviews, and team workflow. Skilled in integrating APIs, native modules, and optimizing app performance for real-world users. Delivers and deploys high-quality, maintainable, and scalable mobile applications.

WORK EXPERIENCE

Feb 2025 - Present	Scan2PDF Developer LetTech - Lahore, Pakistan - Developed a fast document scanning and PDF generation application using React Native. - Designed clean and intuitive UI for fast document scanning workflows. - Optimized performance for large images and multi-page documents. - Worked under LetTech's Google Play Console for deployment and updates [https://play.google.com/store/apps/details?id=com.lettech.scanner].
